### GENERAL DETAILS AND BENEFITS

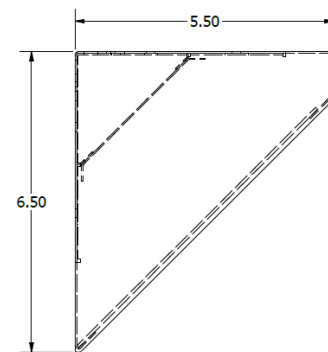

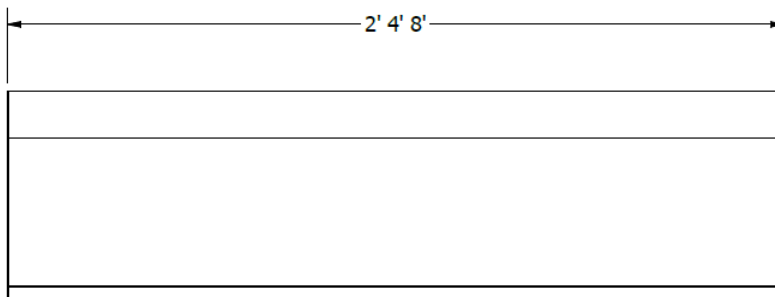

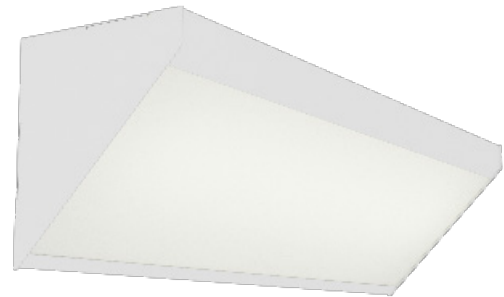

The GN 45 fixture is an extension of the GN family serving as an angled fixture mounted at the junction of the ceiling and wall.

This fixture is surface mountable to both the ceiling and wall using a pattern of mounting holes pre punched in the fixture body.

The GN 45 uses a frosted flat acrylic lens that is removable from below, allowing for service from below.

This fixture is ideal for architectural, commercial, and hall-way applications.

Contact customer service for more information on this fixture and available controls packages.
